# PsoProtect and PsoProtectMe Update

November 2020

## RECRUITMENT BY COUNTRY

**PsoProtect** - for healthcare professionals to report cases of COVID-19 in psoriasis

557

Total number of cases reported

Cases reported by country	Cases
United Kingdom	190
Italy	100
Spain	74
France	57
United States	27
Netherlands	23
Rest of the world	86

**PsoProtectMe** - self-report survey for anyone with psoriasis, whether or not they've had COVID-19

3143

PsoProtectMe surveys completed

Country	Participants	Country	Participants
Argentina	77	Norway	14
Australia	29	Panama	11
Brazil	15	Peru	14
Canada	44	Philippines	54
Chile	154	Poland	30
Denmark	50	Portugal	203
Hong Kong	18	Singapore	12
India	16	Spain	67
Ireland	45	Sweden	35
Italy	15	United Kingdom	1815
Japan	89	United States	184
Netherlands	17	Other (>10)	135

## ANALYSES IN PROGRESS

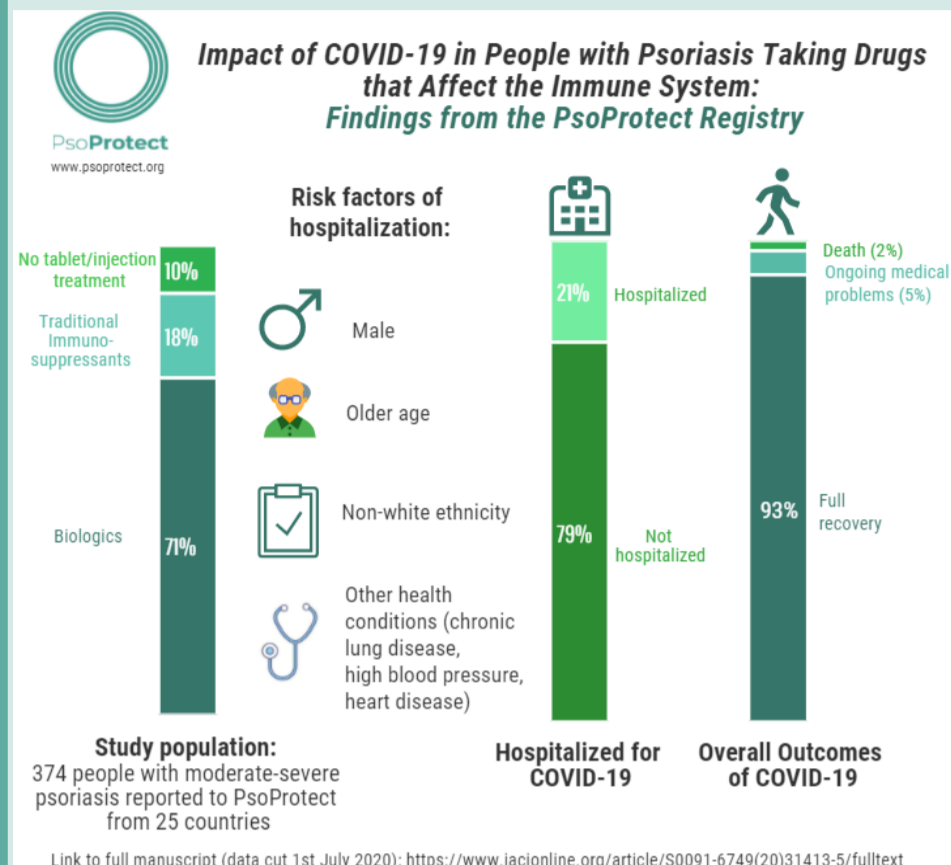

☆ We are collaborating with CORE-UK (partner patient reported registry in rheumatic disease) to investigate **factors associated with shielding behaviour** in patients with psoriasis and rheumatic disease

☆ We are looking at **factors associated with worsening of psoriasis** in the pandemic using the PsoProtectMe dataset

☆ We are pooling PsoProtect data with data from global registries in rheumatology ([Global Rheumatology Alliance](#)) and inflammatory bowel disease ([Secure-IBD](#)) to **investigate COVID-19 outcomes across different diseases and treatment types**

## ANALYSES COMPLETED

The first [PsoProtect analysis](#) has been published, including 374 patients from 25 different countries.

## HOW YOU CAN HELP

**PsoProtect** - please report any cases of suspected or confirmed cases of COVID-19 in psoriasis.

**PsoProtectMe** - please encourage your patients to complete the PsoProtectMe survey, whether or not they have had COVID-19.

We would be incredibly grateful if you could continue to use your networks to raise awareness of both registries by **emailing your contacts** and **posting about us on social media** (please follow and tag us @PsoProtect and use the hashtags #PsoProtect and #PsoProtectMe). The PsoProtectMe survey is now available in **9 languages** (English, Spanish, Portuguese, Italian, French, Polish, Chinese, Japanese and Vietnamese).

Please **let us know of other organisations in your country** that could help us raise awareness of PsoProtect and PsoProtectMe to help us grow our network.

Feel free to **contact the PsoProtect team** with any queries: [PsoProtect@kcl.ac.uk](mailto:PsoProtect@kcl.ac.uk)
